Our Master of Counselling Degree is based on the scholar-practitioner-advocacy model, taught by Canadian faculty who are in practice, and also scholars in the field. The program is widely recognized for its excellence in preparing graduates for professional practice and registration.

Many Teachers from across Alberta prefer our Master of Education in Leadership program due to the online/remote synchronous learning we offer within the cohort-based model.

Canadian governing bodies-Indigenous, federal, provincial, and municipal-rely on the expertise, experience, and non-partisan leadership of public servants to administer and manage policies and programs that improve the quality of life for all citizens. Policy professionals are also needed in non-profit organizations, and businesses such as co-operatives and credit unions to make positive change.

This is where we can help. We will challenge you to think strategically, and innovatively and take evidence-informed approaches. We will help you build relationships and harness diverse perspectives. We will provide you with the skills to lead teams and manage change.

Recognized as one of Canada's Leading law schools, Queen's Law is an academic community dedicated to excellence in legal research and scholarship.

Our programs provide a blend of traditional scholarship and practical skills training that equip students to be change-makers in the legal profession and the world. Our Clinic programs offer students hands-on experience in a pro bono environment. Our wide range of global exchanges and internships give students the world.

At Queen's, we believe that our graduates leave with much more than a law degree. They become cherished members of an alum community of legal leaders, a network that spans the globe and makes a positive difference locally, nationally and globally. This is a lifelong bond that we nurture and cherish.
